< 1 W Stand by
- Set Weight : 45 kg
- Weight Incl. : 48 kg
Packaging
- Set Dimension : 755 x 578 x 493 mm
(WxHxD)
- Box Dimension : 876 x 712 x 689 mm
(WxHxD)
- TV Colour : Silver Frost (11027)

29PT5518

Product highlights

Real Flat BlackLine S picture tube

Philips TV picture tube with invar mask gives less deformation and therefore can provide 80% more contrast than conventional picture tubes for brilliant colours and minimal reflections, even when viewing in daylight. This real flat tube is from the latest generation of tubes where the tube face is truly flat. The advantages of this lies in appearance, wider angle, and in bringing the picture nearer to the front of the glass for less distortion.

Crystal Clear III

Crystal Clear III combines a whole range of enhancements to provide: 2D Comb filter, Dynamic contrast, Blue stretch, Green enhancement so that you get the most natural looking colors.

Contrast Plus

A special electronic circuit has been incorporated into this television to enhance the darker portions of the picture for added realism and improved picture quality.

Virtual Dolby® Surround

Virtual Dolby Surround is processing circuitry for enhanced surround sound effects, which create the sensation of Dolby Pro Logic without the necessity of additional rear speakers. The benefit is that the viewer is totally immersed in their television experience.

Plug and Play

The ultimate ease of use feature for quick automatic searching, sorting (ATS/ACI) and storing of all the available channels.

10 Page Smart Text

Fast access to your own programmed favourite text pages.

Top Controls

Volume and channel change controls on top of the tv to enable easy adjustment without the remote control.

Side Connections

Digital cameras and video games can be connected quickly and easily to video or stereo AV inputs. Connect your headphones (optional) for convenient private listening.
